

Chickadee™

Model: D2

Lightweight Powerful Shearing

The Chickadee™ is the smallest rotary shear available and is the perfect upgrade to, or replacement for, hand held shears. Powered by Eastman's Perma-Field motor, the Chickadee™ has 40% more power than any other hand held knife its size. Its streamlined, lightweight construction helps eliminate operator fatigue.

Features:

- 2-1/4" round blade for general use or hexagon blade for sheer or difficult to cut cloth
- Cutting capacity is 25% greater than competitive models
- Built-in sharpener
- Ergonomically designed with grip-actuated on/off switch
- Three different base plates and cutting tips can be selected:
 - Stabilizer Shoe: the "standard" foot attachment, a utility feature that lends itself well to all cutting and slitting operations.
 - Ball Tip: best when slitting tubular knits or other loosely woven materials
 - Baseplate: a small baseplate fitted with needle rollers to create a lightweight, freestanding rotary shear; providing the greatest degree of accuracy from top to bottom ply
